Mail Stop Petition

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants hereby petition to withdraw the holding of abandonment in connection with the above-captioned application. Applicants assert that there is no abandonment in fact and respectfully petitions for withdrawal of the abandonment pursuant to 37 C.F.R. 1.181 and MPEP 711.03(c). Applicants request the Examiner withdraw the holding of abandonment.

I. Statement of Facts

The U.S. Patent Office asserts that the application is abandoned because no reply was received to the Office Action mailed April 3, 2003.

Applicants contend, however, that the abandonment should be withdrawn as Applicants' did not receive this Office Action.

On November 9, 2001 Attorney of Record, David R. Metzger of SONNENSCHN NATH & ROSENTHAL LLP, filed a Revocation of Power of Attorney transferring power of attorney from former counsel Limbach & Limbach (copy attached as Exhibit A).

On November 21, 2001 Applicants' filed a Status Inquiry on the above-identified patent application (copy attached as Exhibit B).

On February 4, 2002 Applicants' received a Status Letter Reply (copy attached as Exhibit C) advising of an expected date of action to be July 2002. It is noted on this document that the Requester is Attorney of Record.

On October 7, 2005, per Inventors' Assistance Center, it was determined that the Office Action dated April 3, 2003 had an electronic address for former counsel, Limbach & Limbach at 2001 Ferry Building, San Francisco, California 94111. Thus, the Office Action dated April 3, 2003 was mailed to former counsel and not to the Attorney of Record.

Former counsel's law firm ceased doing business in 2001.

II Docket Record

Attached is a Declaration of Laura Wells authenticating a copy of the docket record where the Office Action would have been docketed if it had been received and entered. This record is for the 3rd (third) day of May, June and July 2003, the due dates for response to a 1 (one), 2 (two) and 3 (three) month office action. The record is attached to the Declaration as Exhibits D - F.

Also attached is the Declaration of practitioner authenticating emails recovered with individual docketing records for May 3, June 3 and July 3, 2003. The enclosed docket records are attached as Exhibits G - I.

III. Search of File Jacket

The below signed practitioner searched the file jacket for this application and the contents therein and found no indication that the non-received office action was ever received. Exhibit J attached hereto is a printout of the List of Actions for this particular application from petitioner's electronic docketing system. There is no indication that the non-received office was ever received.

IV. Relief Requested

As the Applicants had not received the Office Action, the abandonment is in error and withdrawal of the abandonment in accordance with 37 CFR 1.181(a) and MPEP 711.03(c) is hereby requested. Acknowledgement of the active status of this application is respectfully requested.

V. Petition Fee

Applicants' contend the abandonment of the above-identified application is a result of the U.S. Patent Office, thus no fee is enclosed with this Petition.

The Commissioner is hereby authorized charge any additional fees required, as well as any patent application processing fees associated with this

DECLARATION OF LAURA WELLS

Mail Stop Petition
Office of Patent Legal Administration
Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

S I R:

I, Laura Wells, hereby declare as follows:

I am over the age of 18 and have been employed as the Intellectual Property and Technology Docket Department (IPT Docket) Manager of Sonnenschein Nath & Rosenthal LLP (SNR) since September 27, 2004.

Exhibit D is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for May 3, 2003 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on May 3, 2003 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit E is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for June 3, 2003 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on June 3, 2003 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit F is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for July 3, 2003 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on July 3, 2003 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

The docket system cannot today generate a due date report using the canned reporting functions of the system in view of the fact that only responses with open due dates are printed in such reports. Given that there are no open due dates for May 3, 2003; June 3, 2003 and July 3, 2003, only a blank report would be generated by the system's canned reports.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code; and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

DECLARATION OF DAVID R. METZGER

Mail Stop Petition
Office of Patent Legal Administration
Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

S I R:

I, David R. Metzger, hereby declare as follows:

I am over the age of 18 years and have been the practitioner responsible for US Application 09/486,865 since the file's transfer from former counsel Limbach & Limbach on January 26, 2001.

Prior to 2004, the Intellectual Property and Technology Docket Department (IPT Docket) of Sonnenschein Nath & Rosenthal LLP (SNR) employed different ways to notify practitioners as to upcoming due dates.

During May to July, 2003, IPT Docket sent out via e-mail, mostly on a daily basis, due date lists output from a reporting function in the docketing system. These reports were individualized for the recipient practitioner, as opposed to firm-wide comprehensive due date lists.

As a matter of ordinary and customary business practice I retained and retain copies of e-mails and attachments received by me relating to business matters. I was able to locate copies of e-mails sent to me advising as to responses due on May 3, June 3, July 3, 2003 for matters within my responsibility.

Attached hereto as Exhibit G are copies of the due date print out including due dates for May 3, 2003 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/486,865.

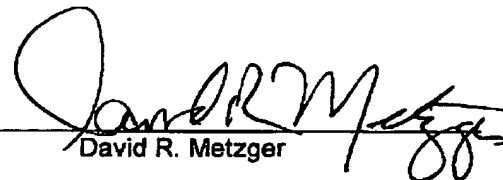

Attached hereto as Exhibit H are copies of the due date list including due dates for June 3, 2003 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/486,865.

Attached hereto as Exhibit I are copies of the due date list including due dates for July 3, 2003 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/486,865.

If there had been an entry for US Application 09/486,865 in any of these docket records, that would indicate prior receipt of a communication for which a response was due

Because there was no indication of anything due for US Application 09/486,865 in any of these reports, this is a clear indication on practitioner's docket record that the office action was never received by practitioner's firm for any communication dated April 3, 2003

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code; and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
